We understand that a typical commercial insurance policy may not give you the cover and comfort that a specialist policy designed for the unique operations of the brewery trade would. **That's why we have teamed up with specialist insurers who DO understand your risks like we do and DO have trade specific covers for Breweries and Micro Breweries which can include:**

- ✓ Cover for Casks & Kegs anywhere in the UK
- ✓ Stock at Festivals and Events
- ✓ Bursting of Bottles and Barrels
- ✓ Loss of Stock due to changes in temperature
- ✓ Loss of Licence
- ✓ Refrigerated Stock
- ✓ Stock of Malt, Hops, Speciality Grain and other ingredients at Third party premises
- ✓ Contamination of Yeast Cultures (including resultant income loss)
- ✓ Cover for Key/Essential Personnel
- ✓ Cover for Brewery Tours
- ✓ Pollution of water supply
- ✓ Seasonal Increases in stock limits

NEXT STEPS

One of our insurers will agree to beat your current terms by up to 5% (subject to a minimum premium) where a brewer is an SIBA member and they have been trading for at least one year and have been trading claim free.

We can also help you with managing many of the industry specific safety and compliance issues facing your business with our online resource.
